

## How to buy a Select MVP and add it to your site

1. Go to [mvp.SchoolTube.com](http://mvp.SchoolTube.com).
2. Click on “Select MVP”.
3. Click on “Click here to order.”.
4. If you have a coupon, enter it in the box.
5. Follow the instructions to complete the billing process. You will create an account as part of this process. Please record your password.
6. Gather the video IDs from SchoolTube.com for the videos you wish to put in a MVP. To find the video IDs:
  - a. Go to SchoolTube.com.
  - b. Locate the first video you want in your MVP.
  - c. Click on the  (link button) in the video player.
  - d. Record the Video ID Number for the video.
  - e. Repeat steps b-d to create a list of the video IDs you want for your MVP.
7. Login to your account using your email address and password from step 6.
8. Click on “Manage Playlists” on the left hand menu.
9. Click on “Click here to create a new playlist.” (at the bottom of the page).
10. Type in the name for your playlist.
11. Click on “Go To Next Step”.
12. Under “Add Video”, type in the first video ID number from step 1 above. Click on “Add Video To Playlist”.
13. Repeat step 7 until all your videos are loaded.
14. To rearrange the video in the playlist, use the “Move Up” or “Move Down” controls to the right of each video.
15. When you are done adding videos, click on the “Save Playlist” button at the top of the page which will return you to the “Manage Playlists” page.
16. Click on “Manage Players” on the left hand menu.
17. Click on “Click here to create a new player.” (at the bottom of the page).
18. Type in the Player Name, Player Description, and Player Domain.

19. Select the Playlist from the dropdown menu.
20. Select the Ad placement, and the Autoplay features you want.
21. Click on "[Create Player](#)".
22. Once the message "**The player has been updated!**" appears at the top of the screen, click on "[Home](#)" in the left hand menu.
23. You are now ready to place your customized MVP onto your site!
24. Using the top dropdown, select the playlist you would like to place on your site. The appropriate code will appear in the lower box.
25. Copy (right click and select Copy, or Ctrl+C) the code from the second box, and paste (right click and select Paste, or Ctrl+V) it into the code for your site.
26. After you paste the code where you want it on your site, if you want to adjust the size of the MVP Player, change the height ("hei=") or the width ("wid=") values in pixels to fit on your website.
